Software Developer/Problem Solver/Great work ethic/Works great in teams/First to listen, last to speak/ Can manage groups/Strong communication skills/Confident and loves a challenge/Spanish Speaker

Experience

Bluestone Jewelry / Manufacturing Manager

January 2016 - PRESENT, 4606 McLeod Rd, Albuquerque

Day to day responsibilities include managing 2 employees, making sure a high quality product is made and shipped in a timely manner while helping build a solid business reputation.

Medallion Depot/Rombach Design / Machine Building

February 2013 - January 2016, 4606 McLeod Rd, Albuquerque

Helped build machines used for manufacturing parts for a solar panel company. Brainstormed with company and solved engineering problems on a daily basis.

The Cube BBQ / Head Line Cook

May 2011 - February 2013, 1520 Central Ave, Albuquerque

As head line cook I managed the day to day routine of prepping, cooking and serving high quality food. Also managed the menu daily.

Education

Deep Dive Coding Intern/CNM Stimulus Center

Cohort 19 Graduation Date March 2018

10-week Full Stack Web Development program focused on the XAAMP stack. Developed personal webpage, and worked with a development team to create web applications using object oriented PHP and database systems(MySQL).

University of New Mexico / BA in Spanish, Minor in Portuguese

Class of 2014, UNM Main Campus, Albuquerque

Studied the Spanish language at the grammar, social and historical level. Immersed myself in the language by studying abroad in Sevilla, Spain for 1 full year. 3.6 GPA at graduation.
